

## Titus 1:10-16

A photo-fit of the false teachers in Crete:

### **Their character:**

- rebellious
- motivated by 'self' not God
- reflect the godless society of which they are part

### **Their message:**

- involves speculation
- the promotion of religious rules

### **Their effect:**

- ruining households/churches

False teachers are silenced principally by the deployment of godly, faithful teachers and leaders.
