Temptation

Starter

In public life you often feel that 'sin' is defined as simply being caught out! Can you think of any recent examples? How does a Christian react to this?

Word - Read 1 James 1:13-18

Choose which questions you feel most helpful to work on. Don't attempt them all!

- 1 What do you think are **the most common temptations** for people in today's society? You might suggest different things for children, teenagers, 20-30s, & older generations.
- 2 Where does sin come from? You may have answers from other parts of the Bible but focus just now only on where James says sin comes from.
- 3 How would you explain to someone learning English what 'desire' means? Is desire... evil, good, neutral, a combination of these, or what? How do your conclusions give us guidelines for overcoming temptation?
- 4 Someone comes to you and asks you how to cope with constantly being tempted in some area of life. You could use the leaflet "Temptation & testing our daily experience" [available on Sunday morning] and ask each member to choose what they think is the most compelling encouragement to keep free from sin, and why. Or can members suggest other biblical encouragement not on the leaflet?
- 5 Scan through the passage again and find anything which describes **the work of God**. Deliberately list each part of **God's nature**, or **God's actions**, described here.
- 6 Use the leaflet "Temptation & testing our daily experience" as a simple sequence of meditation, each member reading one section in turn, and pausing between each reading for additional comments to be made.

Prayer

Pray for those baptised at Easter: Ruth Kirkham, Daruni and Arash & Zoha.

Pray for Jacob Adib in Manchester working with students, & his urgent need for accommodation.

Pray for Emily Fuller, chosen for a BMS Action Team and now raising funds.

Pray for Neil & Jane serving & sharing the presence of the Lord in a tragic land in the East.

Pray for Eara Ko as she returns from Korea and prepares for another dental team to Malaga.
